Prenatal Diagnosis

This three-day conference is aimed at improving health care for women by concentrating on different aspects of prenatal diagnosis in prenatal genetic & ultrasound. We will also have a comprehensive preterm delivery prevention program. Current research recommendations as well as cutting edge technology and research will be presented. We will discuss management of fetal aneuploidy, influences on the intrauterine environment, and clinical decision making. Our speakers are experts in the field.

Conference Registration Form

1. Professional Position: Resident/Fellow/Studend (must bring verification of residency/fellowship/student status)
2. Sonographer
3. Administrators
4. Other healthcare professionals (must bring verification of professional status)
