

2018 NATIONAL CONFERENCE & AGM

The Sonography Canada 2018 National Conference is a great way to increase visibility of your latest technologies, products and services to an influential national audience of sonography practitioners and decision makers. Please join us May 25-27, 2018 for the largest educational and networking event for sonographers in Canada.

Sonography Canada is a non-profit organization with over 5100 active members. We are dedicated to promoting the highest level of professional practice for sonography in Canada. Our national conference brings together sonographers, managers, educators and students for education and inspiration. This year, we will hold our 36th National Conference and AGM at the St. John's Convention Centre in St. John's Newfoundland.

The exhibit area at our conference is open to manufacturers, recruiters and suppliers. Limited space is available and can be pre-selected on a **first come, first serve** basis. In addition to exhibiting at our conference, financial support from companies who share our vision for professional development is available. Your support will enhance your company's image as a leader while delivering your product and service information to those directly responsible for purchase and maintenance of equipment and supplies. Exclusive sponsorship is limited and will be available on a first come, first serve basis.

Sponsorship levels are determined by your company's total booth and sponsorship expenditures; Platinum, Gold and Silver level sponsors will receive added recognition, visibility and value as outlined below.

We look forward to seeing you in St. John's!
